

March 20, 2020

Dear Youth Alliance participants and families,

As you are aware, the world is facing an unprecedented health threat from the Coronavirus (COVID-19) that is affecting many aspects of our daily lives. Locally, school districts and businesses have been forced to close or strictly limit access. Even Youth Alliance operations have been impacted to the point where our physical offices will be closed to the public until April 7, 2020.

All the news is not bad. Youth Alliance has been and will continue to seek ways to provide support to you, our participants, families and community. Below is a listing of resources we want to make you aware of and a link to our website where we will be updating this information, adding new resources or updating the information. The Resources include academic support as well as community resources that can provide food support.

To contact Youth Alliance by phone, please use this temporary telephone number 408-840-3685. A Youth Alliance staff member will answer and connect you with the staff member that can assist you.

We are here to help! Be well – **Youth Alliance**

Research shows that helping our students create a flexible structure around learning is not a bad idea. Below, you will find a list of free resources to support student learning during school closures.
